SCHEDULED FCC VE TEST DATES FOR YEAR OF 2024

DATES FOR 2024:

**July 10, 2024
October 9, 2024**

Registration is requested at least 72 hours before the exam session by contacting the team liaison, Dave Scranton, W9WE, 210-325-7923, or w9we.lee@gmail.com. If enough VE's are present at the meeting night, any walk ins will be able to test that evening.

The 2024 test fee will be unchanged at \$15.00. It goes to ARRL/VEC. Bring a photo ID (or two non-photo ID's); if currently licensed, bring the original and a photocopy of your valid FCC license; and if you are claiming credit for successful completion of an exam, bring the original and photocopy of any applicable CSCE's.

Exams will take place at 8:00 PM after the regularly scheduled HARC meeting.

WALK INS ARE WELCOME.

HARC CLUB DUES:

HARC annual dues are due each January. The dues are very important and are needed to keep repeaters up and running, plus other expenses of the club. The yearly dues fee is \$20.00 per member, & \$5.00 for each additional family member. You can pay at club meetings, or send the money to HARC, P.O. Box 1522 Hannibal Mo, 63401.

Thanks!!

 - Joe, W6JFL, motion to accept, Al, N9MAF 2nd, motion carried

Changes/Corrections to Previous Month's Minutes:

Changes to previous minutes: NONE

Don, KD0HHN, motion to accept, Dave, KB0RZN 2nd, motion carried

Treasurer's Report:

Kenny, KE0KCQ, presented the monthly financial report. As of May 8, 2024, the beginning balance was \$3,005.81, Expenses were \$385.91, and Deposits were \$1,715.00. The CD balance remained unchanged at \$1,354.79, and petty cash was also unchanged at \$40, bringing the total to \$5,729.69 for the month beginning May 2024. Dave, KB0RZN, made a motion to accept the treasurer's report, which Ron, AA9GL, seconded.

Repeaters:

N9MAF reports are all working as they should. Has made it to the 146.625 site. All ok.

Kenny, KE0KCQ, motion to accept, Allen, K9AJC 2nd, motion carried.

Old/Unfinished Business:

Hamfest overall was a success. Vendors and guests enjoyed our inaugural season, and we plan to do it again next year. In all, our budget only went over by \$32 of a \$1,700 budget and made a profit of \$112. Per our agreement with the Quincy, IL club, 50% of the profit/expense was shared with them.

The Palmyra Truck Show was held again this year on May 7, 2024. Kenny, KE0KCQ, and Shawn, KD9VUW, attended. Kenny reported that conditions this year were much better than the previous year weather-wise. He also reported that there are two interested parties for the Tech class this coming fall.

Field Day will be held this year from June 22-23, 2024. Last year, we only had four participants, so we need to work on setting some time aside for a fun weekend making contacts this year. Suggestions for where to hold this year's field day activities were up for discussion. Base 1 of the Marion County Ambulance District was suggested, as it has been hosted in previous years. Our meeting location, MCAD (Marion County Ambulance District) training facility, was also suggested. While Ed, W9US, was present with the club, the suggestion was made that Hannibal and Quincy's clubs join forces again. Nothing has been motioned or voted on at this time and will be decided in our June meeting.

Other activities listed on the website that haven't taken place in some time were also discussed. It was suggested that some other activities be organized to facilitate getting involved more with the community and getting the hobby noticed more.

New Business:

Al, N9MAF, was presented with an ARRL ARES Certificate.

Dan, KD0HHN, also reviewed some changes that ARRL Emergency Communications and ARES courses will make. Currently, there is one course available, with two more courses, an Intermediate and Advanced, on the way. ARRL only offered one course and had decided to split them back out again to cover more material and training. In order to take these courses, you must have completed FEMA courses ICS-100, 200, 700, and 800, and they must be under the current version. If it has been some time since you had last taken those courses, you may want to re-certify with them before looking into the ARRL EmCom course. Also, new task books will be required to be signed off on before being allowed to continue with courses.

Joe, W6JFL, proposed forming a committee to check on EOC (Emergency Operations Center) equipment and run a weekly ARES Net from an EOC location to ensure it is in proper working order.

Also available are some Hamfest tickets for Chillicothe, IL. The method of allocating the tickets was tabled for next months meeting.

Announcements:

Breakfast at Silver Anchor - 8:00am May 11th

In case location is closed, or won't work, listen on 625 repeater for updated location.

50/50:

Ron, AA9GL, wins the 50/50. Congrats Ron!!!

Adjournment:

Don, KD0HHN, made a motion to adjourn at 7:57 pm. Joe, W6JFL, seconded.

Carried by members

FROM THE PRESIDENT'S DESK
BY JOE LAULETTA, W6JFL

Greetings, Members!

A sad opening to this month's column. For those of you not "in the loop," I humbly report that Cliff, K0CA, has become a silent key. Cliff was a legend in this club, as well as in life. He probably forgot more about amateur radio than I will ever know. In my mediocre socioeconomic standing, one of the highest praises that can be bestowed is "He was a good dude." Well, let me tell you, Cliff was a good dude!

Next thing to think about is Field Day! Current whisperings for a venue are Marion County Ambulance District's offering of allowing us to utilize their "Base 1" which is located at 3120 N Hwy 61 in Hannibal. We have at least HF and I believe VHF capabilities with an awesome antennae array with rotator. There are members way more familiar with the equipment there. I venture to guess that Don KD0HHN, Al N9MAF, Jody KE0OAA, and Murph, N0EMG would have waaay more info than me. Feel free to reach out to them, or better yet, COME TO THE NEXT MEETING where we will be discussing the 'logistics' of the upcoming ARRL Field Day event.

On a final note, I would like to wish Dakota KF0PXXG (AKA "MiniMurph") a joyful, fun-filled vacation adventure at MCRD San Diego! Beautiful weather, fantastic beaches, wonderful nightlife, and you won't get to see any of it!!! I have no doubt you will earn your Eagle, Globe, and Anchor, but it will not be easy or fun. At least not while you're doing it. But you will look back on your time fondly in the future. Trust me. You will also join a brotherhood of veterans you will forever be your Brothers and Sisters. Don't give in, Don't give up! Semper Fi, Devil Dog.

73,

-Joe-
